PROFILE

Bachelor of Science in Computer Science and Full Stack Developer with over 2 years of experience building modern and scalable web applications. I work with technologies such as React for frontend development and Node.js for backend services, developing RESTful APIs, managing databases, and implementing user authentication systems. I focus on writing clean, optimized, and maintainable code, applying best development practices, and continuously improving performance and system architecture to deliver efficient and scalable solutions.

PROFESSIONAL EXPERIENCE

Full Stack Software Developer Precisa Group SRL | Jul 2025 – Present

Developed and maintained web applications using React for frontend development and Node.js for backend services. Implemented RESTful APIs, integrated third-party services, and managed databases and authentication using Supabase. Actively participated in system architecture design, performance optimization, and the application of best development practices to deliver scalable, secure, and efficient technological solutions.

Computer Technician Data Import | May 2023 – Aug 2025

Performed diagnostics, preventive and corrective maintenance on computer equipment, troubleshooting hardware and software issues. Provided technical support to users, including installation and configuration of operating systems and applications, as well as personalized guidance to ensure a positive user experience and customer satisfaction. Managed technical cases efficiently, ensuring timely responses and effective problem resolution.

EDUCATION

Universdiad Autonoma De Santo Domingo (UASD)

Bachelor of Science in Computer Science
2020-2025

INFOTEP

Computer Technician
2019

INFOTEP

Network Administration Technician
2019

Centro de integración familiar (CIF)

Advanced Excel Technician
2020

INFOTEP

Computer Repair Technician
2021

INDOTEL

Data Analysis with Python Certification
2026

TECHNICAL SKILLS

Full Stack Web Development
React
Node.js
JavaScript / TypeScript
HTML5 / CSS3
RESTful APIs
Supabase
MySQL
Git / GitHub
Database Design and Modeling
Clean Code
Agile Methodologies (Scrum)

SOFT SKILLS

Problem-Solving
Analytical Thinking
Effective Communication
Teamwork
Technological Adaptability
Time Management
Results-Oriented
Continuous Learning
Customer Service Orientation
Proactivity

LANGUAGES

Spanish (Native)
English (Intermediate)
